

Dear Campers and Volunteers,

We know our annual Father's Day Basketball Camp is a special weekend for all of you, as it has been for us over the past 27 years. This is why we are deeply disappointed to again announce the cancellation of camp in 2021. Restrictions due to the ongoing COVID-19 pandemic has made it impossible to plan, as well as ensure your health and safety.

For the second time in as many years, we especially regret that our thirteen-year-olds, many of whom have been attending since age 7 or 8, will miss their final summer of camp.

On a more positive note, we have exciting news headed your way! Soon you will be receiving an announcement about camp's most recent commitment benefitting the children and families treated at UNC Children's Hospital. We hope you will join us in celebrating this wonderful accomplishment, which you have enabled us to designate.

We look forward to welcoming our families back in the future and continuing our support of UNC Children's.

All our best,

Eric and Laura Montross
